SUPPLEMENTATION

The Brush, Colorado Municipal Code, originally published by Colorado Code Publishing Company, will be kept current by regular supplementation by Municipal Code Corporation, its successor in interest.

Supplements to this Code provide periodic updating through the removal and replacement of pages. This inter-leaf supplementation system requires that each page which is to be removed and replaced is identified so that the updating may be accurately accomplished and historically maintained.

Instructions for supplementation are provided for each supplement, identified by Supplement number, date and inclusive ordinance numbers. The Instructions for posting the removal and replacement of pages must be followed and accomplished in sequence, with the most recent supplementation posted last.

When supplementation is completed and the removal and replacement of all pages are accomplished, the Instructions should be placed under the Supplementation tab, before this page, with the most recent Instruction sheet on top. Previous Instructions should not be removed, so that the user may refer to this tab section to verify whether the code book is fully updated with all supplements included.

The maintenance of a Municipal Code with all supplementation is an important activity which deserves close attention so that the value of the code is maintained as a fully comprehensive compilation of the legislative ordinances of the municipality.

AMENDMENTS

Amendments may be made to the Code by additions, revisions or deletions therefrom. Those changes may be made as follows:

Additions: Additions may be made by ordinance to the Code as follows:

The "Brush Municipal Code" is amended by the addition thereto of a new Section 2-2-90, which is to read as follows:

(Set out full section number, title and contents)

or if the location of the new section number or numbers is undetermined, the Code may be amended as follows:

The "Brush Municipal Code" is amended by the addition of the following:

(Set out section title and contents)

Revisions: A revision of the Code may be accomplished as follows:

Section 2-2-90 of the "Brush Municipal Code" is repealed in its entirety and readopted to read as follows:

(Set out section number, title and entire contents of the readopted code section)

or as follows:

PREFACE

The City of Brush, a statutory City, has published its Municipal Code in a format which features the following:

The Table of Contents is the table containing each chapter and article title, with reference to page location. Preceding each chapter is a chapter table of contents, also identifying each article by the subject name provided.

The three-place section numbering system places the chapter number first, followed by the article number and section number, separated by hyphens. Each section may be cited by the chapter, article and section number which are in sequence within each chapter.

The open chapter and page numbering system creates reserved chapter and page numbers for expansion or revision of the code without undue complication when changes are made to the code by supplementation.

The Code Comparison Table indicates the location of provisions from the prior code which were renumbered and incorporated into the code. The Ordinance List and Disposition Table identifies the source for the contents of the code. This table provides ordinance numbers in chronological order and location by section number for the present code contents. Thus, if there is interest in determining whether an ordinance, or a portion thereof, is contained within the code, the Disposition of Ordinances Table will provide that information. The Table of Up-to-Date Pages lists all of the current pages through the most recent supplementation.

The Index provides references by common and legal terminology to the appropriate code sections. Cross references are provided with the Index when appropriate.

Supplements to the code provide regular updating of the code to maintain it as a current compilation of all the legislation which has general and continuing effect. Without regular supplementation, the code would soon lose its usefulness as a complete source of the general law of the municipality. Supplementation is accomplished by the periodic publication of additions and amendments to the code.
